

THE GREEDY LION AND THE HARE

Story

Once upon a time there lived a furious lion in a dense forest. It was a hot summer day and the lion was feeling very hungry. He thought he should take water from the nearby river and then it will search for food. He came out of his den and went to the river for drinking water.

He came back and searched for food here and there. On his way he found a small hare. He caught the hare without any hesitation. "This hare can't fill my stomach" thought the lion.

The lion was about to kill the hare, a deer ran that way. The lion became greedy. He thought, instead of eating this small hare, let me eat the big animal. I will eat now and save some for night.

He let the hare free and went behind the deer. But the deer had vanished into the forest. The lion now felt sorry for setting the hare free.
